# Distinctive Stone Statuary, Inc.

Each finish is a singular creation handcrafted by skilled artisans. No two finishes are exactly alike. Please note this is in part what distinguishes each work of stone art as truly "Distinctive".

\*Due to the many variables that affect natural concrete, (smooth or rough texture, paint material and printing processes) please understand that the product finishes shown in this catalogue are depictions of each finish and will vary when delivered. They will also vary from order to order due to these same factors. Distinctive Stone Statuary, Inc. can not guarantee that the exact duplication of any finish can be achieved. Returns requested for this reason will not be honored.
